

Our Topic this half term is Transport.

Personal, Social and Emotional Development

Through our topic this half term, we will continue to learn how to share with our friends and take turns.

By playing with toy vehicles together and engaging in pretend play scenarios, like driving a bus or being a passenger on a train, children will learn to negotiate roles and share resources, fostering positive social skills.

You could help your child by engaging in pretend play scenarios at home.

Communication, Language and Literacy

As part of our topic, we be sharing both fiction and non-fiction books about transport - this will include the oral story 'The Train Ride'. We will learn lots of actions and use picture cues to help us retell the story. We will be using lots of pictures to help us talk about different types of vehicles. We will also be singing new songs and rhymes about transport.

You could help your child by reading and talking about what happens next in stories. The Train Ride is available online:

Mathematics

As part of our topic on transport, this half term we will be using language such as big and little; tall and short; and taller and shorter to describe and compare size.

Our focus on number will continue through our daily counting activities as well as counting, sorting and matching cars, buses and trains. You could help your child by talking about all the different transport you see on the walk to and from nursery.

Please help them learn their numbers to 10 and count items to match.

Transport

Summer Term

2024

Thank you for all the WOW moments I have received and put in your child's learning journey.

Don't forget, if you have any WOW moments at home (this could be a photograph, a drawing or something your child has made), please email at info@blowers.dudleygreenprimary.org.uk or bring them in.

Understanding the World

This half term we will be learning about spring. As spring arrives, we will be using all our senses to investigate the changes in our environment.

Please help your child by talking about all the signs of spring that you see.

Expressive Arts

This half term, your child will be learning all about colour. We will be learning to identify and name colours, as well as talking about the different shades and textures we see and create. In music we will be using our imagination to create sounds and movement to accompany new songs. Please help your child by asking them to share the songs they have been singing at school. One of the songs we are learning can be found online:

https://www.youtube.com/watch?v=e_04ZrNroTo

Physical Development

As part of our topic, we will be trying to ride scooters, trikes, bikes and double bikes. This will give your child the opportunity to develop their gross motor skills and strength as well as learning how to use equipment safely.

You can help your child at home by encouraging them to get dressed and undressed independently. Here is a super website to encourage getting active, **Jump Start**
